#2020VISION #REBUILDTHENHS #SPIRITOF2020

This NHS anniversary weekend, Saturday 4th and Sunday 5th July, Keep Our NHS Public, Health Campaigns Together, The People's Assembly Against Austerity and We Own It, are calling nationwide events and an online rally on Sunday 5th July at 3:30pm to say:

'Our NHS deserves better'

This is the 72nd anniversary of the NHS. It was built after WWII, (a conflict that saw 67,100 British civilians killed) to create something better for us all.

During the coronavirus crisis, frontline workers have been asked to keep us safe. They have done so without proper PPE, within an already failing system, in the lowest paid jobs. Many have sacrificed their lives. In the UK we have now reached a death toll of 65,400* (15 June 2020). **The NHS deserves better, we all deserve better.**

Covid-19 has exposed what's wrong with society, it's time to rebuild and go further. Our '2020 vision' for the NHS says:

- Rebuild and properly fund the NHS
- Proper pay and respect for all NHS and care staff
- End racism in the NHS and end all migrant charges
- NHS out of all Trade Deals
- Public Health back in public hands
- Go further: Radical reform of social care

We're calling on all local campaign groups and branches to plan a rally, a protest or a stunt to celebrate the NHS anniversary weekend and say, **'Our NHS deserves better'.**

Join us for the online rally Sunday 5th July at 3:30pm – streamed live across our YouTube channels and social media accounts
